Remote Region Services Support Grant

Financial support for QECSN
members (or prospective) member
Educators and Services working in
remote regional ECEC services
across Qld.

QECSN Remote Region Services Support Grant:

- Are you living outside of Greater Brisbane?
- Are you keen to get together with others in your area who are interested in sustainability?
- QECSN committee is offering **2 grants of \$200 each** to support regional groups to get together to share ideas about early childhood education for sustainability.
- You might organize coffee mornings and seek funding for catering, or a guest speaker. Encourage non-members to attend so that they can hear about the work of QECSN.
- QECSN *members* are encouraged to send a short submission outlining what you hope to use the grant for, and the Committee will consider your request. Perhaps you'd like to be assisted to join?
- Successful applicants will be required to send receipts and a short report of a couple of paragraphs (pictures would be great too!) for inclusion in the newsletter at the end of the year.

Remote Region Services Support Grant Overview:
